निविदा-सूचना
(पेज-1)

PRAYAGRAJ DEVELOPMENT AUTHORITY

GENERAL CONDITIONS OF CONTRACT

Definition :

1. The term Prayagraj Development Authority shall be held to mean the Vice-Chairman and his staff of the Prayagraj Development Authority.
"Contractor" shall be held to mean the person whose tender or offer for a work is accepted.

Agreement and Security Required :

2. The person whose tender is accepted shall within Ten (10) days after the acceptance of his tender, enter into a regular agreement prepared at his expense, forms of which is attached with the tender documents., the contractor shall submit a performance Security in the form of Bank Guarantee on the form appended, from any Nationalized Bank/FDR/CDR issued by SBI and Associates, Nationalized Banks, Other Public Sector Banks, Private Sector Banks of India duly pledged in favour of Executive Engineer, Prayagraj Development Authority equivalent to 5% (Five percent only) of the contract value for the due and proper execution of the Contract at the time of signing of contract. In case the contractor fails to submit the performance security of the requisite amount within the stipulated period or extended period, letter of intent automatically will stand withdrawn and EMD of the contractor shall be forfeited. No payment shall be released to the contractor till the performance security is submitted. Performance Security shall be returned after issue of completion certificate by the competent authority.

The Security deposit or the retention money shall be deducted from each running bill of the contractor @ 5% (five percent only) of the gross value of the Running Account bill subject to maximum of 5% of contract value, which may be adjusted from the balance amount.

3. The time allowed for carrying out the work shall be 02 Months and shall be strictly observed by contractor and shall be reckoned as per date of the order to commence the work.

The work shall throughout the stipulated period of the contractor be proceeded with all due diligence (time being deemed to be essence of the contract) and contractor shall pay as compensation an amount equal to half percent, or such smaller amount as the Vice Chairman (whose decision in writing shall be final) may decide, on the amount of the estimated cost of the whole work and further to ensure good progress during the execution of the work the contractor shall be bound he shall be liable to pay as compensation as below mention:-

Completion Period Not exceeding 02 Months	@ NIL
Completion Period exceeding 02 Months	@ 0.5% Per Month of Balance Value of work

Provided always that the entire amount of compensation to be paid under the provisions of this clause shall not exceed five percent of the estimated cost of the work. If the delay from the PDA part the compensation to be to the Contractor.

Extension of Time :

4. If the contractor is hindered in the execution of his work so as to necessitate an extension of the time allowed for its completion, he shall apply in writing to the Executive Engineer. In the case of contracts of which he himself is the sanctioning authority, the Executive Engineer shall authorize such extension of time as he thinks necessary in his opinion, and record reasons for the same. In all other cases the Executive Engineer shall forward the application of the contractor together with his own recommendation for the order to the contractor, without the necessary authorization for extension of time by the competent authority, the contractor shall not be exempted from damages and penalty if the work or any part or parts thereof be not completed within the time prescribed originally for completion of work.

Notice of Commencing Work :

5. Before commencing work the contractor shall stock sufficient materials on the ground and make all proper arrangements to the satisfaction of the Executive Engineer for carrying out of the work within the stipulated time. He shall also give the Executive Engineer at least two clear days written notice of his intension to start work failing which all work may be condemned.

Completion including clearing the work :

6. No work shall be considered as complete until the contractor shall have removed all scaffolding surplus materials and rubbish from site, and cleared all doors, windows, floors or other parts of any building he may have been employed on for repairs or other works not until written notice of completion is given and the work have been measured by the Executive Engineer or his subordinate deputed by him for this purpose.

Monthly Payment :

7. For all work, the contractor may at the Executive Engineer discretion, receive a monthly payment to such extent as the work may be approved and passed under a certificate by him. But all such intermediate payment shall be regarded as payments on account, to be recovered from the final bill for complete work, and not as payments for works actually and completed. The final bill shall be submitted by the contractor within one month of completion of the work.

Bad Work :

8. No work will be paid for unless thoroughly good and fully in accordance with the specification, and should through inadvertence bad work be passed and paid for, it will be nevertheless be perfectly competent for the Executive Engineer to strike the same out of the account at any future time and recover the value at any date previous to or at the time of granting the final certificate.

Class of work required :

9. The contractor shall invariably execute all work in the most substantial and workmanlike manner and the materials used shall be of the best description. The contractor shall also confirm minutely to the designs, drawings and instructions relating to his work signed by the Executive Engineer and lodged in his office for the contractor's inspection during office hours.

Alteration of the plans :

10. The Executive Engineer shall have power to make any alterations in the original designs, drawings, or instructions that may appear to him to be necessary during the progress of the work, and the contractor shall be bound to carry them out within such time as the Executive Engineer shall appoint and on the same condition as the contractor agreed to do the main work; and if there should be no rates agreed on for the extra bound work, then the work shall be done at the rates mentioned in P.W.D. schedule of rates or D.S.R. in proportion as the tendered amount bears to the item of estimated rates of the work. In cases where there is no rates for the item of extra work in the Prayagraj Development Authority schedule of rates the payment will be made at the rates agreed upon between contractor and the Executive Engineer. Such alteration shall not invalidate the contract, but time for completion of the work will be extended in proportion that the extra work bears to the original contract work, and the certificate of the Executive Engineer shall be conclusive as to such proportion. The Contractor, however, shall not make any alterations or execute any work not provided in the contract without the authority of the Executive Engineer in writing.

Removal of bad work or materials :

11. If it shall appear to the Executive Engineer or his subordinate in charge of the work, that any work has not been executed in accordance with the drawings or instructions, or has been executed with unsound imperfect, or unskillful workmanship, or with materials of inferior description, the contractor shall forthwith rectify, remove or reconstruct, the same in whole or in part as the case may require, at his own proper charge and cost; and in the event or his refusing or failing to do so within a period to be specified by the Executive Engineer, or if he shall fail to remove from the site of the work within a specified period any materials of bad quality or not agreeable to the terms of the contract

and to provide immediately suitable materials or articles in lieu of those condemned, then the contractor shall be liable to pay damages at the rate of rupees five hundred a day so long as the order remains un complied with. Also the Executive Engineer shall have power to demolish any such work and remove to such place as he may think fit, any materials not agreeable to the specification.

Inspection and Supervision :

12. All works under execution by contract shall at all times be open to the inspection and supervision of the Executive Engineer or his subordinate in charge of the work, and the contractor shall always, when he is not himself present, have a reasonable agent present at the work during the usual working hours, and at all other times when reasonable notice of the intention to visit the work shall have been given to receive his orders and instructions. Order given to the contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.

Cost of Inspections :

13. The contract shall furnish, free of charge, all labour and tools required for such examination of the work as the Executive Engineer or his subordinate in-charge at any time,

Water and Electricity

14. The contractor shall make his own arrangement for Water & Electrical power for construction and other purposes at his own cost and pay requisite electricity and water charges. The contractor shall also make standby arrangement for water & electricity to ensure un interrupted supply.

Covering unmeasured work :

15. The contractor shall give due notice in writing to the Executive Engineer to measure any work which is going to be covered up, or otherwise placed beyond the reach of measurement in order that the correct dimensions may be taken before being so covered, and must have the authority of Executive Engineer to cover it up. In default, at the option of Executive Engineer the same shall be uncovered at the contractor's expense, or no allowance shall be made for such work or materials.
16. If the contractor or his work people breaks, deface, or injure any part of a building they may be working in, or any building, any water main or service pipe and road fence, enclosure, or grass land, or cultivated ground, if any damage shall happen to the work while in progress from any cause whatever, or any imperfections become apparent in it, he shall make the same good at his own expense or in default, the Executive Engineer may cause the same to be made good by other workmen and deduct the expense from any sums that may be then or become at any time thereafter due to the contractor.

Tools & Plants, fencing & lighting :

17. The contractor shall supply at his own cost all plant, tools, implements ladders and scaffolding required for the proper execution of his work together with the carriage for the same to and from the work. He shall also supply without charge the requisite agency with the necessary means to set out works and to count, weight and assist in the measurement of his work or materials. He shall also provide all necessary fencing and lights required to protect the public from accidents and shall be bound to bear the expenses of defence of any such action, or law proceedings, that may be brought by any person for injury sustained owing to neglect of the above precautions, and to pay any damages and costs which may be awarded in consequence.

Subletting :

18. No contract shall be assigned or sublet without the written approval of the Executive Engineer. Every contractor assigning or subletting his contract without such approval, shall be considered to have thereby committed a breach of contract, and the Executive Engineer may thereupon rescind the contract, and the security deposit of such contractor shall stand forfeited and be absolutely at the disposal of the Prayagraj Development Authority and the contractor shall have no claim for any compensation for any loss that may accrue from materials he may have collected, or engagements entered into, nor shall he be entitled to recover or be paid for any work thereto for actually performed under the contract.

Partnership :

19. In case of partners tendering, no change in the individuals of the firm shall affect the liability of the persons who may sign such tender. Any such change shall be forthwith notified by the contractor to the Executive Engineer for his information.

Maintenance :

20. Defect liability period will be considered for the project work as 2 years. The contractor shall be liable to maintain all the works in perfect condition if there arises any defect then it will be repaired free of charge for 2 years from the date of completion. Security deposit will be refunded after expiry of this defect liability period.

Fair wages to labourers & Ensuring facilities and Safety of Labourers:

21. (a) The contractor shall pay not less than fair-wages to the labourers engaged by him as per minimum waggles act on the work.
(b) The Contractor will comply all the facilities and safety measures as provided in UP Building and Other Construction Workers (Regulation of Employment And Conditions of Service) Rules, 2009.

Wathching And Lighting :

22. The contractor shall at his own cost take all precautions to ensure safety of life and property by providing necessary barriers, lights, watchmen etc. during the progress of work as directed by Engineer-in-Charge.

EPFO/ESIC/ Labour Registration

23. The contractor whose bid is accepted will also be required to furnish either copy of applicable licenses/registrations or proof of applying for obtaining labour licenses, registration with EPFO, ESIC including Provident Fund Code No. If applicable and also ensure the compliance of aforesaid provisions by the sub contractors, if any engaged by the contractor for the said work within the period specified in Schedule F.

SLOW PROGRESS :

24. If the progress of the work is slow and the work is not completed in time and if there is any breach of any condition of the contract, the Vice Chairman may levy a penalty as stated in paragraph 3 of the conditions of contract :-
- (i) In case the progress of the work is too slow and in the opinion of the Vice Chairman the contractor is unable to complete the work the former shall give a week's notice to the contractor for the termination of the contract.
 - (ii) On the expiry of the notice period, if the work remains incomplete, the Vice Chairman shall rescind the contract and may adopt one of the following means to complete the remaining work,
 - (a) He may forfeit the security and call fresh tenders for the remaining work,
 - (b) He may get the work completed departmentally, and charge any additional expenses to any sums due to the contractor.
 - (c) He may get the work done by other tenders at the cost of the contractor, whose contract has been rescind.
 - (iii) If after completion of half of the work period, progress achieved by contractor is less than 25%, then he/she may be debarred by the Vice Chairman for further tendering in PDA till he/she completes the work.

EXTENT OF CONTRACT

The Contract comprises construction and completion of the specified job and the provisions of all labour, materials, T&P etc. and transport, temporary works etc. whether of temporary or permanent in nature required for the construction, completion and maintenance of the work.

INSPECTIONS OF THE SITE

The tenderer (s) must inspect and examine the site of work and its surroundings and satisfy himself / themselves before submitting his/their tender. He/they has/have to make sure of the positions of quarries and availability of required material from quarries mentioned in the specifications, topography of the site availability of labour and material and other amenities before tendering. No claim for additional work or extra work due to any of the above will be allowed.

ENTRIES IN TENDER

All entries by the tenderer should be in one ink and one hand/on prescribed bill of quantity only. Erasures and overwriting are not permissible. All corrections should be neatly written and signed by the tenderer. Rate should be written in figures as well as in words. In case there is any variation, lower rate shall be treated as Tender rate.

CONDITIONAL/ INCOMPLETE TENDER

Conditional, incomplete, unsigned tenders will not be considered. Only those bidders who supply necessary proof/documents of possession of the required equipments in their bids should be considered as responsive for further evaluation.

ADDRESS OF CONTRACTOR

The contractor shall give his full local/ permanent postal address. The postal receipt of the letters sent to him on this address shall be considered sufficient proof that they have been delivered to him.

ACCEPTANCE OF TENDER

The department shall have the right to accept or reject any or all the tenders or part thereof, without assigning any reason to contractor and no claim whatsoever shall be entertained on this account.

SIGNING OF TENDER DOCUMENTS

Tenderer shall sign each page of tender documents before offering his tender and required stamp duty on the contract deed will be borne by the contractor.

EXECUTION OF AGREEMENT

Successful Tenderer shall have to execute an agreement on stamp paper of value as applicable, through its authorized representative within a week from date of receipt of acceptance letter / work order.

RUNNING PAYMENTS

Contractor shall be entitled for payment running bills on monthly basis or a lesser period, if required, but not less than 10% of value of contract. The running bills shall be paid within 14 days of submission of bill.

COPY OF CONTRACT

On request, the Executive Engineer may furnish the contractor with a copy of the contract.

TIME OF COMPLETION

The entire work is to be completed in 02 Months.

EMPLOYMENT OF LABOUR

The contractor shall submit a daily report to the Engineer-in-charge regarding the total labour employed by him for the work and shall be bound to pay wages which shall not be less than the wages fixed under Minimum Wages Act.

LINE AND LEVELS

The contractor shall be solely responsible for setting out the works and for the correctness of the position, levels, dimensions and alignment according to the specification and shall provide all necessary assistance, instruments, pegs, sticks, poles and other materials, required for the purpose. The tender rates shall be deemed to include all this.

PROGRAMME AND RETURNS TO BE FURNISHED

As soon as practicable, but not later than 7 days after the acceptance of his tender, the contractor shall submit to the Executive Engineer for his approval, a time schedule to carry out works. The contractor shall whenever required by the Engineer-in-charge, furnish for his information arrangements for carrying out the work. The submission to and approval by Engineer-in-charge of such program or furnishing of such particulars shall not relieve the contractor of any of his duties or responsibilities under the contracts. In addition, the contractor shall have to furnish returns of work done by him, as may be directed by the Engineer-in-charge from time to time.

EXECUTION

The contractor shall have to execute various item of works strictly according to the order and time schedule approved by the Executive Engineer. Materials will also be tested as per required frequency of tests.

TECHNICAL STAFF AT SITE OF WORK

The contractor shall have to employ full time technical staff and other supporting staff for supervision of the work. Name of the technical staff employed by the contractor shall be intimated in writing to the Engineer-in-charge. Any change of technical staff during the execution of work should be intimated immediately in writing to the Engineer-in-charge.

SITE ORDER BOOK

A site order book shall be maintained at the site of work in which instructions shall be given to the contractor as and when necessary. These instruction/orders, shall have to be signed and complied by the Contractor or his authorized representative. The entries in 'Site Order Book' shall be treated as proper notice serving upon the contractor in terms of his contract.

SUSPENSION OF WORK

The contractor on the written order of the Executive Engineer/Assistant Engineer shall suspend the progress of the works or any part thereof, for such time and in such manner as may be considered necessary and during such suspension shall properly protect and secure the work as far as necessary in the opinion of the Executive Engineer. Nothing extra shall be paid to the contractor if such a suspension is necessary for proper execution of the work by reason of weather or by some default or the contractor or necessary for safety of the work or any part thereof.

TESTING MATERIALS

All materials and workmanship shall be of the respective kind described in the contract and in the accordance with Engineer-in-charge instructions and shall be subjected from time to time to the testes mentioned under specifications. The contractor shall provide such assistance, labour and materials as are normally required for examining measuring and testing of the works and quantity weight or quality of materials used and shall supply materials, sufficiently in advance for testing as mentioned under specifications. The materials used subsequently for execution of the work shall strictly conform to the quality and sample approved. Necessary test for which facilities are not available locally or at site shall be conducted in the nearest available government controlled Laboratories/Research Institute, or any other reputed technical institution. Cost of such testing and forwarding of sample to the laboratory etc. shall be borne by the contractor and nothing extra shall be paid on this account. Regular quality control test registers shall be maintained by the contractor. A laboratory for basic testing has to be established on site for testing of materials.

ROYALTIES AND TAXES ETC.

The contractor shall pay all royalties, license fee, other charge at quarry, octroi duties, custom duties, toll taxes, trade tax and any other local taxes as may be levied. No passes for octroi or toll levied by local bodies on toll bridges shall be issued by the Department. Rate shall inclusive of the same. Nothing extra shall be paid due to fluctuations in the cost of materials, machines, bitumen, P.O.L., labour and all types of taxes etc. The contractor will produce the receipts (MM-11) to PDA. In the event of failure to do so necessary deductions shall be made by PDA from the bill of Contractors as per the rules of Departments of Mines, UP.

CONSIGNMENT RECEIPT CHALLAN (CRC) OF BITUMEN

It will be necessary for the contractor to submit the consignment receipt challan (CRC) of purchase of bitumen from the respective refinery.

COMPLIANCE WITH LOCAL BYE LAWS

The contractor shall throughout the continuance of the contract and in respect of all matters arising out of performance thereof, conform with all required regulating and bye-laws of the local or other authorities which may be applicable to the works.

ROAD TRANSPORT

The contractor employing motor vehicles for transport of material shall abide by provisions of the Motor Vehicles Act.

DAMAGES BY RAINS, ACCIDENTS OR NATURAL CALAMITIES

No payment will be made to the contractor for damage caused by rains, accidents or other natural calamities during the progress of work. No claim whatsoever shall be entertained on this account.

DEFAULT OF CONTRACTOR IN COMPLIANCE

Constant defiance of the instructions of Engineer-in-charge on the part of the contractor or his authorized agent will make the contract liable to be terminated.

CLEARANCE OR SITE ON COMPLETION

The contractor shall at all times keep the premises free from accumulated waste materials or rubbish caused by his employees on the works and on completion of the work, he shall clear away and remove from site all surplus materials, rubbish and temporary work of any kind and fill up borrow pits dug by him. He shall leave whole of the site and work clean and in a workmanlike condition to the entire satisfaction of the Engineer-in-charge.

PROCEDURE FOR RESOLUTION OF DISPUTES

- i. Arbitration and Conciliation proceedings shall be governed by The Arbitration and Conciliation Act, 1996 and by its subsequent amendments.
- ii. Any dispute arising out of this contract shall be subjected to the Jurisdiction of Courts situated at Prayagraj only. Arbitration and Conciliation proceedings shall be held at Prayagraj only.

DISPLAY OF DESCRIPTION OF WORK

Before start of the work contractor will display the description of work on a MS Board of size 2'x3' properly mounted on angle frame 40x40x5 mm grouted on earth with proper PCC/CC as directed by E/I.
